

Dear all,

We are writing to inform you that from 1 January 2013, the CIMA Certificate in Business Accounting exams will no longer be able to be taken in Polish at Międzynarodowe Centrum Szkolenia i Doradztwa. The decision has been made to focus on offering the CIMA qualifications in English within Poland.

Our priority is to support students already studying the certificate in Polish to ensure you can successfully complete your studies during 2012. To this effect, MCSiD will be offering tuition for all five certificate papers during 2012 and exams can be taken in both May and November of this year.

All interested students, can contact MCSiD by telephone on 22 826 41 41 or e-mail sekretariat@mcsid.pl

Międzynarodowe Centrum Szkolenia i Doradztwa, acting together for the development of education in accounting, will continue to run CIMA courses in English for the CIMA exams at Certificate, Operational, Management and Strategic levels, with the full support of CIMA.

Thank you
